

JOB DESCRIPTION

Job Title: NodeJS Developer

Department: Technology Integration

Location: Invera Westmount

Reports To: Yaroslav Afanasiev

Role Summary/Purpose

Embark on an exciting journey with Invera Inc., a company dedicated to creating cutting-edge solutions for the metal industry. We are looking for a skilled Node.js Developer to take on a significant role within our vibrant development team and contribute to a variety of internal and customer-facing projects.

In this role, you will leverage your experience and talent as a Node.js Developer to play a crucial role in developing internal tools essential for the growth and efficiency of our company. You will collaborate with other developers, designers, and key stakeholders to deliver high-quality code and solutions.

Job Responsibilities

(include but not limited to):

- Lead the development and deployment of high-quality software solutions.
- Engage in collaborative efforts with cross-functional teams to define, design, and launch new features.
- Uphold standards of code quality, organization, and automation.
- Mentor and provide guidance to junior developers.
- Remain abreast of the latest trends and technologies in JavaScript development.

Essential Skills and Qualifications

- Bachelor's degree in computer science, Engineering, or a related field (or equivalent professional experience).
- Have at least 2 years of experience in full-stack development specifically with Node.js, and a total of at least 5 years in software development.
- Proficiency in Node.js, TypeORM, NestJS, Axios, React, Material UI, and MobX.
- Familiarity with TypeScript, Redux.js, Redux Toolkit Query, and Handlebars.
- A solid understanding of the entire web development life cycle.
- Exceptional problem-solving abilities and the capacity to perform well under pressure.
- Strong experience with SQL databases, particularly PostgreSQL.
- Experience with Bitbucket and Jira (or similar platforms).

Physical Demands

- Extended use of keyboard and computer

Preferred Qualifications

- Proven experience in leading development projects.
- Outstanding communication skills and a knack for team collaboration.
- A keen interest in learning new technologies and frameworks.
- Familiarity with Agile development methodologies.
- Additional knowledge of NextJS, ElectronJS, and Ant-design is advantageous.
- Experience with Docker virtualization is a plus.
- Bilingual in French and English.

Working Conditions

- Position is based out of Invera's Montreal office.
- Standard hours are 9 – 5 PM Eastern.
- Occasionally will be required to work beyond regular office hours to complete critical assignments.
